PRO-LITE MILESTONE S16 BUNDLE

Data Sheet

Small Form Factor Milestone Appliance &
16-Port PoE Network Switch

Pro-Lite Small Form Factor Milestone Appliance and 16-Port PoE Switch Integrated with Milestone XProtect

This Milestone Server/Switch bundle combines performance and value for a cost-efficient recording and networking solution. The bundle includes a 16-port power over Ethernet switch and a small form factor server with Windows 10 Pro and video surveillance grade hard drives, in addition to Milestone XProtect Essentials+ being integrated inside with licenses for up to 8 cameras. This bundle supports up to 16 cameras on a single network, depending on storage and bandwidth requirements*. A unique combination of performance and value that's unmatched. This bundle is also compatible with a variety of Milestone software and license upgrades for added versatility.

The S16 Bundle is reliable and ideal for small to mid-range IP video surveillance projects with raw storage options of up to 10TB. It includes the latest quad-core Intel® Core® i7-8700 8th generation processor, providing up to 30% more computing potential than 7th generation processors.

Includes:

Small Form Factor Appliance, 16 Port PoE Network Switch, Transceivers & Patch Cords, Integrated with Milestone XProtect Essentials+
