

Take advantage of BCDVideo's proven technology now available in pro-lite networking bundles. Built for small to mid-size video surveillance projects (4–24 cameras, depending on bandwidth and storage requirements*), these bundles come with Milestone XProtect Essentials+, which includes licenses for up to 8 cameras, and are equipped with the latest Intel® processors and Video Surveillance Grade Hard Drives and include a 5-Year, On-site, NBD, Keep Your Hard Drive Warranty. These bundles are also compatible with a variety of Milestone software and license upgrades for added versatility.

The series boasts a space-saving micro, small form factor, and 1U rackmount shallow depth server, each with a corresponding network switch (8-port small form or 16 or 24-port rackmount). A variety of storage options are available to suit any retention needs.
